

Wrestling Tournament Held Here

By Dick Rice
 El Camino Junior college wrestling team. Beginning at 1 p.m., and lasting far into the night, this gala affair was a grueling test of young muscles. Many boys had to wrestle four or even five times to reach the top. Their efforts were well rewarded. A beautiful 8-inch trophy was awarded to the winner of each weight division, and runner-up medals were presented to the second, third, and fourth place winners.

MRS. AMERICA CONTEST BLANKS NOW AVAILABLE

Local homemakers will once more be vying for California's No. 1 "keeper of the hearth," according to plans for the 19th annual "Mrs. America" contest released today.

Eligible to enter the "Mrs. America" competition are local homemakers, married, and 21 years of age or over. They will be competing for the coveted "Mrs. America" title and more than \$15,000 worth of prizes. Contestants in the search for "Mrs. California," next-to-last step in the nationwide competition, will share in \$10,000 worth of prizes.

The Mrs. America contest is not a bathing beauty competition but a test of homemaking abilities. Although personality, personal appearance, and community and family interests will be considered in the judging, the major emphasis will be placed on important housekeeping talents such as cooking, sewing and ironing.

First step for would-be contestants is to obtain application blanks at local gas company offices. From the field of applicants, a group of top local

homemaker entrants will be chosen to compete for victory in regional finals. The regional winners will then travel to the Beverly Hilton early in April for the three-day state finals which will name "Mrs. California."

The state winner, with her husband, will go to Fort Lauderdale, Florida, for the national "Mrs. America" finals the week of May 7-14.

Application blanks will be available through the month of February, for this national contest conducted under the auspices of the American Gas Association, DeSoto Division, Chrysler corporation, and Mrs.

Mr. Genius

Mrs. Geneva Shelton, Kindergarten teacher at Carr elementary school, split \$500 with four other panelists recently on Art Baker's "Beat Mr. Genius" TV show.

The panel of five was able to "Beat Mr. Genius" by one point.

Topic under discussion was religion. Mrs. Shelton had written to the program and was chosen to appear.

While she was at it, she also got in a plug for Torrance, the "All-America City," and Carr elementary school.

A New Approach

What's the visual range of your job? From close-up to 30 inches? From reading range to beyond arm's length? If you wear glasses, it is imperative that visual corrections match your working pattern. Otherwise, eyestrain is inevitable. Let us make a "working area analysis" of your job. From this data, lenses can be ground in our own laboratories to provide exactly the corrections you need.
